REDIMED	Patient's Name:
KEUIMEU	
	Patient / Guardian: Date of Birth:
The Doctor has explained that I have the following cond	dition:
☐ Skin cancer, comprising either • Confirmed •	• Suspected
☐ Basal Cell Carcinoma (BCC)	
☐ Squamous Cell Carcinoma (SCC)	
☐ Melanoma	
☐ Other	
	that in my case this condition requires removal by surgical excision:
☐ Site	
and repair of the resulting deficit by means of either	r:
☐ Direct Skin Closure	
☐ Flap (Type / Detail)	
Graft (Type / Detail)	
I consent to the Doctor performing this procedure.	
The Doctor has explained that this is a routine procedure complications are involved in this procedure.	re and has indicated that the following risks and
1. General Risks	
There is a small risk that I may feel some discomfort du but that this will be rectified by further injection of loc	- ·
2. Specific Risks There are small risks of	
(1) Wound Infection (2) Wound Breakdown (3) (Graft or Flan Failure (4) Nerve Damage
	cision of skin cancer and deficit repair, however each is unusual.
I understand that I will be left with a scar, and that whi	ile the scar should gradually improve over time, there is no guarantee tour deficit and pigmentation changes especially with split skin graft.
I understand that while the aim of this surgery is to era may not eradicate all disease and that further treatmen	adicate all disease and it is the Doctor's intent to do this, surgery t may be necessary after the removed specimen has been examined
by the pathologist.	to my individual circumstances have been explained as follows:
(eg. Haemorrhage if taking anticoagulants, Facial Nerve	·
